

# Customer Engagement Offer 2019-20

building  
communities

# Our Customer Engagement Principles

- ✓ We will provide a range of opportunities for you to **feedback on your experiences, scrutinise our performance, influence decisions and shape recommendations for improvement** which include:
  - ✓ Feedback on your **Individual** experiences to help improve Orbit's services and properties. This may include feedback surveys, perception research, complaints and specific focus groups
  - ✓ **Local** views on your homes, neighbourhoods and communities where you live. This may include face to face meetings, digital forums and consultations
  - ✓ **Strategic** opportunities to influence our business plans, strategy and policies. This may include our customer engagement groups, board membership and digital engagement platforms
- ✓ All our engagement activities will have a clear business purpose. Senior Managers will champion and recognise the value of your engagement and are accountable for ensuring that agreed recommendations are implemented
- ✓ All feedback captured as part of an engagement activity is valued and no one type of activity is more important than another
- ✓ Customers will help shape the way we engage with you working towards the goal that "*Every customer contact has potential for meaningful customer engagement*". We will work with you to evaluate the impact of these activities
- ✓ We will provide regular communication updates on the value and impact of engagement activities including our annual report and website. We will work with you to shape the information we provide to maximise your engagement opportunities
- ✓ We will proactively target our engagement activities recognising the needs and views of different and diverse customers thereby enabling us to capture a cross section of views
- ✓ We provide training and support to enable you to engage effectively in engagement activities

# What we want to engage with you about

- How you **feel** about you local neighbourhoods
- The **buildings, homes and properties** where you live
- The **safety and standards you expect** for the homes and neighbourhoods you live in
- The development and design of **new homes and neighbourhoods**

- How it **feels** to receive services from Orbit
- **How** you contact and interact with us
- The **way** we deliver our services to different customer groups
- **Driving** future service improvement and innovationbb

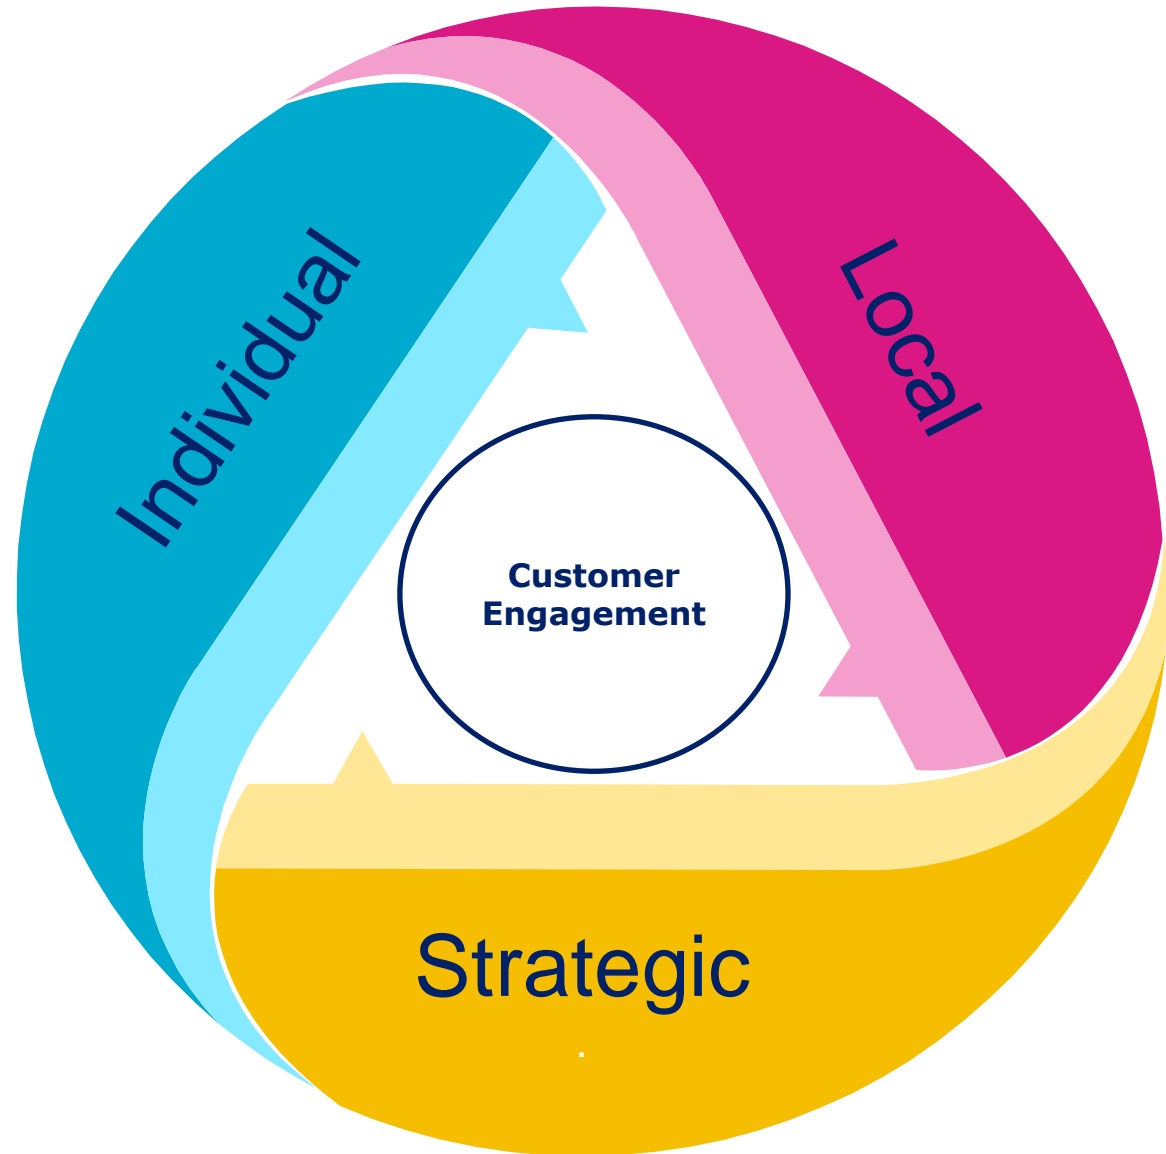

- Activities and opportunities to **get involved in community**
- Priorities, challenges and issues **within the community**

- **Business priorities** and strategy development
- **Scrutiny** and transparency of performance
- **Policy decisions**
- **Governance** and **accountability**
